Dedication

We, the class of 1947, dedicate our annual to "Jake" Minich, who has been janitor at the high school for seventeen years.

He has always been on hand to help the students for their plays, festivals, and other special occasions. At the Junior-Senior Reception he is always of invaluable aid to us.

Jake has always kept the school running efficiently, the sidewalks cleared, and the grass cut.

In appreciation for the many services rendered us, and for his loyal friendship toward the students of C. H. S., we are proud to dedicate our annual to Jake Minich.

Annual Staff

In the autumn of our senior year we were asked to assemble an annual for our class of 1947. Working throughout the year, we gathered here and there pictures and facts concerning the classes and classmates; and now having brought them together, we wish to present our Annual to you. We hope you will enjoy it as we have enjoyed working to bring it to you.

We wish to express our sincere "thank you" to our annual advisor, Mr. Moulton DeWalt, also to The Wines Studio of Detroit, and The Gray Printing Company of Fostoria.

Senior Class History

In the fall of the year 1943 about eighty youths and maidens entered the freshmen class of the Crestline High School. We were, as the upper-classmen say "a little green," but we soon overcame all obstacles through the leadership of our very capable class officers: President—Mary L. McCaffrey; Vice-president—Jack Malaby; Secretary—Barbara Smith; and Treasurer—Dick Miller.

None of our teachers was startled by the brilliancy, but none was willing to consign us to the bottomless pit because of our ignorance.

Under the leadership of Joan Guinup—President; Rose Zara—Secretary; and Jackie Hodgson—Treasurer, the year 1944 started out with a bang! This unforgotten Sophomore year was one of earnest endeavor to reach the goal of high scholarship and good companionship with the upper-classmen as examples.

Another year ended and we were Juniors! The most enjoyable social event of this year was our Junior-Senior Reception which will linger long in the memories of all who were present. Eddie Meyers, our President, and his able assistants; Billie Jean Snyder —Vice-president; Mary Ann Mayer—Secretary; and Elsie Klaesi—Treasurer, worked in harmony under the guidance of our kind and instructive advisors Mrs. Hetrick, Mr. DeWalt, and Mr. Blancett.

We gradually took on the dignity which custom says Seniors should manifest before the younger members of the High School and were hailed with delight by the teachers and pupils when we took our places of honor dedicated to us last spring by the class of '46. Our whirlwind social affairs of the Senior year were: The School Carnival, class assemblies, the Operetta, the Senior class play, the Junior-Senior reception, Baccalaureate, and—last but not least—Commencement!

The worthy leaders who guided us through our last year in C. H. S. were Jack Zwhalen—President; Jean Hagy—Vice-president; Joan Krichbaum—Secretary, and Dorothy Linn—Treasurer. We greatly appreciate the advice and encouragment we received from our Senior Class advisors Miss Miller and Mr. DeWalt.

May we be greatly benefited by the earnest teachings of our loved teachers in moral, intellectual and physical fields, thereby imprinting upon our characters the worth while things in life. In our later years we shall look back proudly upon our ideals of happy school life and shall: "Then departing leave behind us, footprints on the sands of time."

Class Prophecy of 1947

Perhaps you who are reading this Class Prophecy for 1947 believe that you are reading something written by a member of the class during those last few months of school when everyone was scrambling toward graduation pell mell and helter-skelter. Such is not the case. You believe that you are reading, but neither is that true. The fact is that you are letting your subconscious mind be influenced into a preview of your own future by the anonymous "author" who lives two thousand odd years after your own life has been completed. During your lifetime the invention of the ball-point pen caused something of a sensation, but in the year 3079 neither pen nor writing materials are needed. The Atomic Age has freed us of any other means or need for communication than our own minds. I simply think of what I wish you to know and instantly it is revealed in your mind. It would be useless to attempt to explain the mechanism to you. You wouldn't understand.

But let us begin the preview.

Most of the members of the class of 1947 have remained in Crestline, except BILL BECK and JIM BLAISING, who are both working as engineers in Northern Mongolia where the Yangtze river is being dammed. By 1963 the development of rocket planes, able to travel far beyond super-sonic speed, made it quite easy for them to work at great distances from their homes. Bill's wife, the former BARBARA SMITH, often flies over with their lunches since it requires only twenty minutes.

The Atomic Age has affected Crestline considerably. The population has increased from 5,000 to 5,000,000. Members of '47 have made their homes here and are kept busy with their civic duties. The city is run by the mayor-council type of government. Our capable mayor is DICK MILLER, who sits behind his huge plastic desk and carries out the executive duties. Since machines now do most of the office work, Mayor Miller needs only one secretary to keep him company. She is none other than MARY METZ. Due to the well organized City Department, our city is kept clean by BILL LOVE, and stray dogs and cats are kept off the streets by DONALD PARELLA.

JIMBO CORBIN wanted to be a mechanic, and he got his desire. You may see him right now removing a wheel and repacking the bearings with grease. However, the automobile became obsolete in 1965, since air travel has superseded it completely. No, Jimbo is greasing the wheel of a baby carriage, a device which even the Atomic Age can change little.

In this Atomic Age no one has yet found a substitute for education. EUGENE NEWMAN is Superintendent of Crestline Schools, and his capable assistant and private secretary is PHYLLIS PAYNTER. MARY ANN MAYERS is the head of the Music Department in the high schools. The Teachers' Association is led by BILLIE JEAN SNYDER, who also teaches the first grade.

No one can resist patronizing the ultra-modern restaurant and nightclub, owned and managed by WALLACE VAUGHN and EDDIE MEYERS. The famous food of Chef CALVIN JOHNSON is known all over the nation. They are now featuring the renowned virtuoso of the violin, Miss JEAN HOFFMAN.

The feature article in this month's "Know It All, Tell It All", edited by THERESA TUSCAN and BARBARA SNYDER, was the interview of Mr. JACK ZWAHLEN, and his charming wife, the former Miss JEAN HAGY, as the ideal couple. The officers of the Crestline's Young Married Women's Club which were interviewed were DOROTHY LINN, JACKIE HODGSON and ELEANOR MEINZER. The new costumes in this issue were displayed by the four outstanding models of the year, JOAN GUINUP, JEANNE SPANGLER, JOAN KRICHBAUM and BESSIE FORTNEY.

In the field of medicine and nursing much change came about soon after the Second World War. JUNIOR MARGARD'S amazing career in synthetic remedies produced by atomic fission made the medical practice a profession of the past. All of the would-be nurses in the Class of '47 simply work in a dispensary where Margard's Marvelous Medicines are passed out free to the public. You will find there PEARL POTH, MAXINE GARVERICK, ALICE BECK, LEOLA RITA, and MARILYN SHERER.

The Atomic Disintegrator and Vicarious Entertainer, invented by CLARK WERNER in 1973, somewhat supplanted the movies. The device attached to an ordinary arm chair allows one to experience all the adventures ordinarily seen in the movies, so that one may go skiing, sing like Danny Kay, play like Iturbi, or be made love to by that romantic favorite of the age, JAMES METZGER. The entertaining quality of Clark's invention is so very realistic than one may finish an evening in a sweat after a football game or with blood on one's hands after solving a murder mystery.

Crestline has brought forth many stars of stage, screen and television. The Hearsee Studio owned by BEATRICE SCHILL and BETTY SCHAFFER now has under contract the dynamic personality of

JOAN FOREMAN, who is at present co-starring with JACK MALABY, the versatile young actor and idol of teen-agers in the sensational hit, "The Diary of Mary Winemiller."

In this Atomic Age no soil is needed to grow flowers in a greenhouse. You simply place a few chemicals in flowerpots with the seeds and within a few hours you have a beautiful bouquet. Crestline's florist shop is supervised and owned by the former MARY McCAFFREY and her husband, a former florist worker. JEAN GALLAND delivers orders in a streamlined helicopter.

Much the same wonderful change has come about in the work of the beauticians. No longer does a woman apply make-up directly to her face, but she buys a plastic mask which has all the revised features and colors necessary. This is applied like a transfer and then discarded. The inventor? None other than WINONA BEACH, assisted by her special beauticians, ALICE OLIPHANT, BETTY CAMPBELL, JEANNINE BLUM, and JOAN SCHEIBER. If you wish to see the change, compare the picture of yourself or classmates with the actual appearance after twenty years.

We find Admiral WAYNE RHODUS stationed in Washington, D. C., where he is trying to cut down the time for crossing the Atlantic Ocean by ship, from twelve hours to two hours. He is experimenting with super-atomic energy.

Now that your subconscious mind has absorbed all the vital statistics about the class of '47, the "anonymous author" will disconnect his influence upon your mind. You are now free.

Class Song of 1947

To the tune: THE THINGS WE DID LAST SUMMER

To friends we leave behind, the books and happy times;
We bid farewell to go our lonely way.
Our time in dear old high school shall be cherished long from today.

The classrooms and the hall—the blackboards on the wall,
We ask a prayer that they will always be.
And to our teachers faithful, there's a warm heart always for thee.

The autumn football game, the crowd that cheered our name
The spirit for our fighting team,
The picnics in the spring, exchanging junior rings,
We must remember in our dreams.

Farewell to Crestline High, we hate to say goodbye,
But when our time is ended we must go.
We always will remember
How we love you—more than you know.

C. H. S. Advocate Staff

Another organization of C. H. S. is the Advocate Staff. This group, under the guidance and assistance of Mr. DeWalt, is composed of Freshmen, Sophomores, Juniors, and Seniors.

During the school year the specific job for the staff is to write up the weekly news items for the Advocate, which include school and social events, sports happenings, honor roll, and many other items.

Besides the weekly news items, several times a year the Advocate Staff undertakes to publish the school paper called "Lockers Hear". In this popular paper is found all sorts of things; such as jokes, notes, editorialettes, and news bits.

Now since you know what the Advocate Staff does, maybe you would like to know who are on it.

Band

Down the field with a fanfare of trumpets, trombones, and a flourish of flags, comes the Crestline high-stepping drum major and the vivacious majorettes. The band swings along with martial stride; a gorgeous flash of blue and white under the lights of the C. H. S. athletic field. A hushed moment and the strains of the National Anthem brings the crowd to their feet as Old Glory is raised.

Between the halves, the band gives a demonstration of intricate marching and complex figures.

This is Crestline's maching band of 55 members strong, 11 of whom are seniors.

A hushed audience packs the auditorium. Lucille Morrow Pennington mounts the podium. Strains of melody pour forth—the concert band begins a program.

During the successful year now ended, the band has more than ever added to the color of school life. In addition to appearances at the games and concerts, the band has taken part in band festivals and has served the community by playing for a number of affairs and marching in numerous civic parades.

The choir has always been active in festivals as well as taking part in civic programs.

Y-Teen

In 1923 an organization under the supervision of Miss Freada Miller started with approximately thirty members. This organization was entitled "The Girl Reserves". In the past twenty odd years the Girl Reserves have changed in many respects, but one item has remained: the blue insignia representing knowledge, health and spirit.

This year's group under the advisorship of Miss Cora Cover and Mrs. A. T. Enoch has an enrollment of forty, which includes the twenty-six seniors who will leave at the end of the school year.

One of the biggest changes that has taken place in this organization during the past year is the changing of the name from Girl Reserves to Y-Teen Club by the National Y. W. C. A. Headquarters.

The purpose of Y-Teen is "To build a fellowship of women and girls devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians."

Activities through the school year, aside from monthly meetings and Red Cross work, included the Mother-Daughter Banquet and the Sweetheart Party.

Basketball Team

Upon the return of Coach Hutson to Crestline High, the basketball team has completed its most successful year since his entrance into the army. Due to the fact that Crestline has had a different coach each year, a great handicap was placed upon the boys and the coach. Much hard work and long hours were spent on drilling and training. Defeats accompanied victories but the boys retained their fighting spirit, and under the newly acquired name of "Bulldogs" and the splendid leadership of Coach Hutson the team has begun its climb back to the winning ball teams Crestline has known in the past.

Girls' Athletic Association

The Girls' Athletic Association was founded in 1933 to promote an interest in athletic activities.

The object of the G. A. A. is to develop good sportsmanship, to promote good fellowship and sports, and to cultivate a healthy mind by proper living and beneficial exercise.

Because of the shortage of teachers, the G. A. A. was discontinued for several years. It has once again reorganized and has chosen the following leaders: Mary Ann Mayer, president; Jackie Hodgson, vice-president; Jackie Miller, secretary; Donna Hart, treasurer; and their capable advisor, Mrs. Walter Leicy.

FIRST ROW, left to right: Mrs. Walter Leicy, Harriet Dickinson, Rosemary Moyer, Betty Shaffer, Bette Kraner, Winona Beach, Yetive Wood, Lavonne Wood, Flossie Morton, Theresa Tuscan.

The Homecoming

Every year the football team chooses a Homecoming Queen to reign over the last home game of the season. This year the honor of queen was bestowed upon Miss Mary Winemiller. Her attendants were Miss Rose Zara and Miss Jean Hagy.

Before the game, Miss Dixie Lacey, last year's Queen, introduced Miss Winemiller and her attendants. After Miss Winemiller gave a short appreciation speech, Bob Sand, the captain of the game, presented her with a bouquet of white mums. The cheerleaders then presented everyone of the court with rose corsages and Miss Lacey with a bouquet of yellow mums.

Both queens and their attendants were then escorted to their seats in the stadium to watch the game.

After the game everyone was invited to the semi-formal dance in the gym. At the north end of the gym, Queen Mary was seated on a white throne with her attendants around her. All the dancers enjoyed the music of the Top Hatter's Orchestra.

National Honor Society

The National Honor Society, founded in the early 1920's, encourages students to cultivate scholarship, service, leadership, and character. It is also trying to raise to a higher level the secondary schools of the United States. Many former students of this group throughout the nation have made important contributions to society and have filled oustanding positions.

In Crestline High School, the names of the students whose grades are in the upper third of their class are submitted to the faculty, who then rate the names according to character, service, and leadership, a perfect rating for each of the three qualities being ten—or thirty altogether. The names of the students with the highest total are then chosen. Five per cent of the class is chosen the second semester of the junior year, and five per cent each of the two semesters of the senior year.

The members of the class of 1947 who are in the National Honor Society are: Wayne Rhodus, Elsie Klaesi, James Metzger, Joan Krichbaum, Rose Zara, Jack Malaby, Pearl Poth, and Mary Winemiller. Those of the class of 1948 are, so far, Shirley Horton, Jeanne Rhodus, and Paul Winemiller, Jr.

Hi-Y

For quite a few years the Crestline High School was without a boys' organization. When Mr. Crider came back to our school to teach, he set out to reorganize a new Hi-Y.

With the aid of a few boys the new Hi-Y was organized. It consisted of only a few members, and its membership grew until it reached the present membership of twenty.

Our Hi-Y is an exclusive organization limited to Juniors and Seniors with its members chosen by the club on the basis of cooperation, character, and scholastic standing.

With the chartered officers of "46-47," Junior Margard, President; Jack Malaby Vice-President; Paul Winemiller, Jr., Secretary; Jack Sawyer, Treasurer, and Robert Crider as our advisor, the Hi-Y has accepted the purpose "To create, maintain, and extend through the school and community, high standards of Christian character".
